## Summary

Frontend Developer with hands-on experience in building responsive UIs, developing Android applications, and implementing full-stack features during a 6-month internship. Skilled in React, Next.js, Java (Android), and API integration. Passionate about creating user-friendly, clean, and efficient web and mobile experiences.

## Skills

**Frontend:** HTML, CSS, JavaScript, React.js, Next.js, Responsive UI

**Mobile Development:** Java, Android Studio, SQLite, Google Maps API

**Backend / APIs:** REST APIs, JSON, Node.js (Basics)

**Tools:** Git, GitHub, VS Code, Postman

**Soft Skills:** Communication, Problem Solving, Team Collaboration

## Experience

### Frontend Developer Intern

July 2025 – January 2026

Gandhinagar

*Novusha Consulting Services LLP (AutoRack Project)*

- Developed and enhanced frontend modules for AutoRack Connect using Next.js and modern JavaScript.
- Collaborated with cross-functional teams to integrate backend APIs and real-time data synchronization.
- Designed intuitive dashboard layouts to improve usability and reduce load time.
- Contributed to Android features for RFID Scanner and E-Lock Tracker applications.

## Projects

### AutoRack Connect | *Next.js, JavaScript, REST APIs*

Internship

- Built responsive UI screens, components, and logistics dashboards.
- Developed backend API routes and optimized data-fetching for performance.
- Integrated Android RFID and E-Lock data into the web dashboard.

### Android Tracking & RFID Scanner Apps | *Java, Android Studio, Maps API, SQLite*

Internship

- Developed two Android applications for logistics: RFID Scanner App and E-Lock Tracker App.
- Implemented offline storage, auto-sync workflows, and API communication using SQLite + REST APIs.
- Built real-time container tracking with Google Maps integration and secure remote lock/unlock functionality.

### Static Website Development (SRCC & Paramount) | *HTML, CSS, JavaScript*

Internship

- Designed and built responsive, modern static websites for SRCC and Paramount.
- Created UI layouts, reusable CSS components, and mobile-friendly pages.

### Expense Tracker | *Python (Frontend), HTML, CSS, JS*

Academic

- Developed the complete frontend UI for the expense management system and contributed to backend functionality as part of a college project.

## Education

### Bachelor of Computer Applications (BCA)

*kadi sarva vishwavidyalaya*

2025

CGPA: 8.25/10

### Higher Secondary Education (Commerce)

*Gandhinagar*

2022

Percentage: 80%

Thank you for reviewing my resume. I look forward to the opportunity to contribute and grow.
